14 Fresh Kills in New York, the largest landfill in the world, will be transformed into a recreational landscape by natural processes.

Field Operations

Battle I Roig

38 Expo 2008 will take place in Zaragoza along the Ebro, an opportunity to restructure the river landscape.

Martha Schwartz, Inc.

81 At the Mesa Art Center, the studio of Martha Schwartz created shade structures, welcome elements in Arizona's heat.

Gérard Dufresne

50 Return trip Paris-Valence – Gérard Dufresne's cinematographic landscape photographs from the high-speed train.

Charles Jencks

58 Snail Mound, iconic part of the Garden of Cosmic Speculation – Michael Spens analyses Charles Jencks's masterpiece.

Turenscape

66 Rice fields are included in the design of the campus in Shenyang. The rice is harvested and sold as a souvenir.
